

Animal Feed distributed in Shang village in TSP by ICAR-CAZR, Regional Research Station Leh Ladakh (UT)

ICAR-Central Arid Zone Research Institute, Regional Research Station Leh Union Territory of Ladakh conducted one day Interaction meet with farmers of Shang village and also distributed Animal Feed to the farmers under Tribal Sub Plan on 15th May 2023.

Dr. R.K. Goyal, Head (I/C) ICAR-CAZRI, RRS Leh Stakna including Dr. M.K. Gaur (Principal Scientist), Er. Changchuk Lamo (Scientist), Mr. Jigmat Stanzin (ACTO), Mrs Stanzin Landol (STA), Mr. Yogendra Singh (T-3), Sr. Technician Mr. Rigzin Dorjey and Mr. Mohd Raza participated in the program. About 40 farmers including Mr. Tsewang Norboo Panch and members of Shang village attended the program.

In the beginning, Er. Changchuk Lamo formally welcomed the participants followed by brief introduction about the program and institute activities by Dr. Mahesh Gaur. Dr. Goyal discussed on importance of fodder production and quality feed to the livestock and its quality livestock products can be used for generating income to improve livelihood. Mr. Tsewang Norboo, Panch expressed his gratitude towards RRS-Leh of CAZRI for their interventions under TSP in Shang village. Finally, the cattle feeds were distributed among 40 households of the village by the Head CAZRI, RRS Leh and team. Ms. Stanzin Landol presented the vote of thanks.
